

## **Corporate backgrounder**

# **Aequor Healthcare Services, LLC**

***'A cure for all your healthcare needs'***

## **About AHS**

AEQUOR HEALTHCARE SERVICES is a US based healthcare personnel provider that specializes in staffing physicians, therapists, nurses, technologist and aides. AEQUOR Healthcare Services was launched in 2001 to cater to the growing needs of the healthcare industry. With our highly effective hiring and placement procedure, AEQUOR Healthcare Services is now considered to be one of the fastest growing staffing companies in the industry. Aequor Healthcare is certified by The Joint Commission. This certification acknowledges Aequor Healthcare's compliance with the Joint Commission's national set of consensus-based quality standards.

We specialize in the placement of healthcare professionals. It is this kind of specialization that has made us leaders in the industry, setting the standard for professionalism with a tradition of quality service.

Aequor Healthcare is a division of Aequor Group of Companies that also includes Aequor Technologies, CPLC Education Center to name a few. This results in seamless support of the education, training and technology based services for the healthcare division.

Over the years we have built strong relationships with our clients and employees. Through these relationships our company has been able to expand operations in different segments of healthcare staffing.

## **Mission**

To be global healthcare staffing organization by providing personalized service to our customers and employees

## **Vision**

To lead the healthcare staffing industry globally and continue to exceed customer expectations

## **Personalized Services**
